## Free standing Screens

## Free standing Screens

## PROFESSIONAL white tripod projection screen

### Quality for years of trouble-free use

- Suitable for intensive portable use
- Sturdy stand with square tube and large symmetric rotating tripod, providing extra stability
- Easy to use foot operated leg release
- Exact picture definition: standard format comes with a 2.5 cm wide black border down left and right side
- Contrast between black border and projected image increases visual clarity
- Matt-white 'S' screen fabric surface, with black backside
- Sturdy handgrip with integrated brake for optimal portability and height adjustment
- Format directly adjustable via hole pattern
- Special transport lock prevents screen fabric damage
- Integrated OHP bracket to eliminate distortion (keystone effect)
- Viewing angle approx. 50°
- Screen housing black (RAL 7021)

### Technical information
